Junior Software Engineer — Project Round

Dear [Full Name],

Assalamu Alaikum,

Congratulations on clearing the contest round! You have reached the project round, which is the most important step in the selection process. Candidates for the final interview will be selected based on their project submissions.

In this round, you will build an **LMS (Learning Management System)**.

 Project Requirement Document

Please access the Google Docs link below to review the complete project specifications, feature requirements, user role matrix, tech stack rules, and submission guidelines:

[Open Project Requirements \(Google Doc\) →](#) **Deadline & Key Info**

- **Handed out:** 24 August 2026
- **Deadline:** **30 August 2026, 11:59 PM**
- **Mandatory Tech Stack:** Next.js (Vercel) & Strapi (Railway)
- **Submission Form Requirements:** GitHub Repo link, Live Frontend link, Live Backend link, and Video Walkthrough link.

Submissions after the deadline will not be accepted. The submission form closes at 11:59 PM on 30 August 2026.

Good luck. Whatever you build, build it understanding it — that's what we want to see.

We look forward to reviewing your submission.

Kindly reply to this email to confirm that you have received it.

Best regards,
Hiring Team
